## EL DORADO COUNTY'S ONLY DAILY NEWSPAPER

VOLUME XLVIII

PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, FRIDAY, MAY 13, 1938

NUMBER 112

If today's being Friday the thirteenth is causing you any worry, remember that tomorrow is Saturday the fourteenth, and the day of the annual County Picnic.

At last reports the weather man had postponed the middle of the month rainstorm until May 30th, when life really begins.

Comment concerning the request of the high school's governing board for a \$95,000 bond issue for enlargement of the school seems to boil itself down to the statement that there's no question but what the additional facilities are needed, so we might as well get 'em.

James Ball came home Thursday evening from U. C. and was met at Sacramento by Mr. and Mrs. Ball.

Allan Goodrich will return from the University Monday.

There's an advertisement elsewhere in the paper calling attention to a whisky party at Smith Flat Saturday night.

Entertainment tonight at the Federated Church. A silver offering will be taken.

Mr. and Mrs. Graeme Thorne are the parents of a baby girl, born Thursday night at a San Francisco hospital. Mr. Thorne is the forest service work superintendent for the CCC camp at Calador.

Forest Supervisor Edwin F. Smith, Assistant Forester A. N. Weber, James A. Irving, Dr. W. A. Rantz and chamber of commerce secretary Wallace M. Ripley were among those at Sacramento to Friday for the meeting of the state chamber of commerce.

Mrs. R. N. Fuller and daughter, Catherine, are leaving this evening for their home at Olympia, Washington, following a visit here with Mrs. Fuller's daughter and husband, Mr. and Mrs. Joe Bilodeau. Mrs. Bilodeau accompanied her mother and sister on a trip of about ten days which included San Francisco and Los Angeles, and from which they returned Thursday.

Mrs. Addie Williams was at Marysville Wednesday of this week visiting her daughter, Mrs. Gertrude Rhud, and her son, Bill Williams, and their families.

Mrs. Archie Lawyer was over from Lotus Friday morning.

City Marshal James Morton was at San Francisco Friday.

Attorney C. W. Pearson is home from a few days' stay at Sacramento.

Pete Braca was arrested Thursday evening by City Marshal James P. Morton and Officer D. W. LeBourveau and is being held pending an investigation.

David M. Rounds filed suit Friday against Earl and Agnes Colegrove, seeking to compel the fulfillment of an alleged verbal agreement to sell the plaintiff a certain three acres of property, entered into on March 1, 1935. C. W. Pearson is the plaintiff's attorney.

Mr. and Mrs. Merritt W. Carpenter, of Rescue, are the parents of a daughter, Margaret Ann, born May 3, according to a certificate of record Friday with Recorder Charles Marsh.

Birth of a son, William Floyd Gordon, to Mr. and Mrs. Floyd S. Gordon, of Georgetown, at Placerville Sanatorium on May 6, was recorded at the courthouse on Friday.

Mrs. Helen Giffen and son, Dick, were in town Friday afternoon from near Shingle.

If any of you pocket-hunters want to know where to look, the Empire theater tells you that "Gold is where you find it" in technicolor.

If that turns out to be a tip, we'll expect you to "go havers."

**JUDGE'S FATHER FINED**  
PAINESVILLE, O., (AP)—C. P. Baker, whose son—Charles P. Baker, Jr.—is a municipal court judge, was given a ticket for parking overtime. He paid the \$2 fine and waived a hearing, eliminating the necessity of appearing in court before his son.

## WARM DAY FOR COUNTY PICNIC

Weather Man Co-Operates As Committee Reports Stage Set For Big Day Saturday

There will be no rain storm to mar the County Picnic at Marcus P. Bennett, Jr. Memorial Park, tomorrow.

The "weather man" has promised a warm day—warmer than today—and the general committee in charge of the picnic reports that all preparations are complete.

Approximately 150 boys and girls of the county's elementary schools are reported registered for the track meet, which will share honors with the horse shoe pitching contest as the big event of the early morning.

Selection of El Dorado County's outdoor girl for 1938 will be the last scheduled event before the picnic luncheon, for which the traditional free coffee and beans will be served by Placerville merchants.

Lions will have their usual soft-drink stand in operation, too.

The afternoon program opens with an exhibition drill by the high school Girls' League drill team and this will be followed by three softball games, two of them between men's teams and one of them between girls' teams.

## 6 Million Paid Unemployed

376,308 Listed With State Employment Service; Many Claim Job Insurance

SACRAMENTO—More than \$6,000,000 has been distributed throughout California since February 14 in the form of unemployment compensation benefit checks, Carl L. Hyde, executive-director of the Department of Employment announced today.

Pointing to the fact that this total grows larger weekly, Hyde has already reached the point where it is highly important to the economic life of every California community. These funds, Hyde said, are re-absorbed in business channels of the state.

"The employment service had a total of 376,308 persons in its active file as of April 23," Hyde said. "This means briefly this number of workers are seeking through the employment service to obtain a means of livelihood."

"Not all of these workers, of course, are eligible to receive compensation, but we have on file claims from nearly two-thirds of this group."

The Placerville office of the employment service has 846 persons in its active file. In that community the Department of Employment already has distributed \$12,000 in unemployment compensation. A total of 633 claims are on file in the Placerville office.

## Scouts Of Troop 57 In 2 Meetings

By CHARLES IRISH

Wednesday night Troop 57, Boy Scouts, held its regular weekly meeting. Scoutmaster Immel gave a few notes on the district camporee to be held May 21 and 22.

We decided to hold a Green Bar meeting on Thursday night. At this meeting we discussed getting a shovel and axe for each patrol and also one of each for the troop, so that we will be prepared to comply with the regulations when we go camping in the forest.

After the Scout meeting we had fire building, water boiling and string burning contests between our three patrols. Then we held our closing ceremony and went home.

## Bass Fishermen Raid Sacramento River

Wednesday, a group of local fishermen journeyed to the striped bass fishing waters about 30 miles below Sacramento, and spent the day basking in the sun and waiting for bites.

However, the day proved successful and each returned with a nice catch of bass and catfish.

The party included L. A. Raffetto, Dick Patterson, Clarence Marchini, George Faust, Bert Albush, Lester Loughurst and Andrew Marchini.

Worthy Veerkamp, from the branch at Davis, and Don Goodrich, from the Berkeley institution, were arrivals on Thursday.

SENATOR WM. G. McADOO'S campaign for re-election will have as chairman for El Dorado County Thomas Patton, whose appointment is announced today.

## PATTON IS NAMED TO McADOO CAMPAIGN

Senator Plans Visit To County This Summer, Local Chairman Is Advised

Following the announcement by Senator William G. McAdoo that he will be a candidate for re-election, campaign headquarters have been established for the southern section of the state at Los Angeles and for Northern California at San Francisco.

General chairman of the Northern California Campaign Committee for Senator McAdoo is H. Hyer Whitig, who today at San Francisco announced the appointment of Thomas Patton as chairman for Senator McAdoo's campaign in El Dorado County.

"I have recent word from Senator McAdoo that he plans to visit with us before the conclusion of the summer campaign," Mr. Patton said. "In due time our headquarters will be established and all of those who share with us in the belief that Senator McAdoo's record merits his re-election, will have an opportunity to do

## FARM BUREAU DIRECTORS MET ON THURSDAY NIGHT

The regular meeting of the county Farm Bureau directors was held Thursday night at the Farm Advisor's office with a representative attendance from all centers. Chairman James A. Irving presided.

Among the major activities of the evening was the decision to conduct a "travel day" tour in the county on June 29, for an inspection of irrigation practices and cover crop methods in certain sections.

In connection with plans for the annual overnight camp, to be held at the county campground at Lake Tahoe June 18 and 19, it was urged that a start should be made from Placerville not later than 11 o'clock in the morning on June 18, and every effort made to complete the setting up of the camp by three o'clock in the afternoon, so that the program for the balance of the afternoon and the evening might proceed on schedule.

It was announced that State President Ray Wiser will visit the Camino center on June 7 and it was suggested that all ceded chairmen make plans to attend the Camino center meeting. All members and friends of the Farm Bureau are invited to attend this meeting.

## Law Books Choice For Convict Reading

SACRAMENTO, (AP)—Law books are first on the list of reading preferences expressed by California's convicts, attaches of the state library revealed today.

Possibly with a hope of finding a legal loophole, prisoners from San Quentin and Folsom monthly direct an average of 50 requests for legal volumes to the library's law section. Reports on habeas corpus proceedings are in greatest demand.

PALO ALTO, (AP)—Hank Luisetti, holder of the all-time, four year intercollegiate basketball scoring record, registered 29 points here last night to lead a team of graduating seniors to a 54 to 41 victory in a charity game against Stanford players who will return next season. Proceeds of the contest were turned over to the Stanford convalescent home.

## JACKSON PARK HITS BY FIRE

Newly Completed Bleacher Section Destroyed In Early Morning Blaze

JACKSON, (AP)—Citizens of Jackson, undismayed that fire destroyed the new grandstand for the rodeo scheduled June 5, today rushed plans to replace the bleachers in time for the rodeo.

Fire was discovered at 12:20 a. m. today but had gained too much headway to be extinguished. The structure was finished only a few days ago, with most of the material coming from the old racetrack stands at the state fair grounds. Loss was estimated at \$5,000, of which \$3,000 was covered by insurance.

An investigation was opened to determine if an incendiary had started the fire because of a civic argument regarding the moving of the county seat from Jackson to Sutter Creek.

## L. A. Raffetto For Seawell

Roseville Senator Will Run For Lieut. Governor; Seeks Both Nominations

Announcement was made Friday that Lloyd Raffetto of Placerville will direct the El Dorado County campaign of Senator J. L. (Jerry) Seawell for Lieutenant Governor at the August 30 primary election.

Mr. Raffetto's acceptance of the county chairmanship marked the formal launching of Senator Seawell's campaign in this county.

In taking over the chairmanship of the county committee, Mr. Raffetto said:

"Senator Seawell has been our neighbor so long most of us already know him or have met him. Our problems have been his problems because he was born in this region and has lived among us all his life. He has represented the people of neighboring counties in the State Legislature for ten years, both as an assemblyman and as a senator.

"In the normal course of events, the needs and desires of our neighboring counties have been much the same as our own, so Senator Seawell is in a position to know how to meet the problems that face us.

"No man in the State Legislature today has a better record for forward-looking, humanitarian legislation than Senator Seawell. The best evidence we have of his future conduct as Lieutenant Governor is the record of his past performance. He will conduct his campaign on that record.

"The experience he has gained as a legislator over a period of ten years is an asset no other candidate for the office possesses and it promises to be an asset that will be needed during the coming years.

"His success as a public servant is not surprising. It has been a family trait. His father was clerk of Colusa County for many years and his grandfather was the first clerk of Napa county.

"It is my sincere opinion that if the voters of El Dorado County give Senator Seawell's candidacy the same thoughtful consideration he has given to the welfare of the people he represents, there will be no doubt of the outcome on election day."

Committees similar to that in El Dorado county are being organized in every county of the state under the direction of Attorney John T. McCarthy of San Francisco, statewide campaign director. Senator Seawell seeks the nomination of all major parties.

## German Czech Leader Visits London

LONDON, (AP)—A surprise airplane visit to London by Konrad Henlein, Czechoslovakian German minority leader, marked a sudden and apparently important turn in central European politics today.

Henlein arrived by airplane last night from Prague, went to a hotel and ordered that no visitors be permitted. It was reported that he would meet various political personages at luncheon, tea and dinner.

Mrs. Amy Drysdale was a caller in the county seat from Georgetown on Thursday.

HELD — Charles "Bugs" Moran, former aid of Al Capone, held in Chicago on forgery and conspiracy charges in what police said was a vast scheme to flood the country with counterfeit American Express money orders.

## TOT, AGED 2, MISSING 30 HOURS, FOUND

Father Credits Power Of Prayer With Causing Safe Return Of Infant Boy

SAN BERNARDINO, (AP)—A father today credited the power of prayer for the finding of his two-year-old son, David Bumgarten, who was lost for 30 hours in the Snowline Forest of the high San Bernardino Mountains.

The father, Leon Baumgarten, said it was prayer that led him late yesterday to his son after 200 persons searched in vain for the child. The boy had wandered for hours and dropped exhausted four miles from the store he strayed away from Wednesday noon.

Possessed by an Indian tracker had almost abandoned hope when David's father retraced alone where he thought faint little tracks had showed the night before.

"Something told me to kneel down and pray," he said. "I did. I prayed over and over again. Then I got up and started along the road. I heard a cry. First I thought it must be a bird. Then I saw my son."

Dr. D. D. Dillingham of Big Bear Valley said the child was in good physical condition. David had scratches on his face and the snuffles.

David strayed away from Gibson's store at Big Bear Park while his father, a wholesale grocery salesman, was inside making a call. Two army planes from March Field joined in the search. CCC youths and mountaineers made up posses. The Bear Valley school was dismissed to let 30 boys help.

## JOB INSURANCE MAY BE CLAIMED IN TRADE DISPUTE LAY-OFF

SACRAMENTO, (AP)—Workers unaffected by trade dispute which closes their place of employment are entitled to receive unemployment insurance benefits from the state, it was decided today by the appeals section of the state unemployment reserves commission.

The case was raised by two claimants for benefits who were thrown out of work by the closing of a large sugar refinery in Crockett. They were denied aid by the adjustment unit on the grounds they were out of work because of a trade dispute.

A. G. Motsch, appeals section supervisor, held that the claimant is disqualified from receiving benefits if he left his employer voluntarily but that the section does not apply if the claimant "arbitrarily or without just cause was discharged or prevented from performing his work by the act of another."

## Mrs. Elizabeth Ellis Guest At Surprise

Mrs. Elizabeth Ellis was guest of honor at a surprise party given at her home last Saturday afternoon in honor of Mothers' Day. Among those who attended were the Mcsdames Elva Wood, Francis Immer, Florence Donnell, Hattie Cook, Maude Patterson, Daisy Jones, Pauline Wood, Edna Goodrich and the guest of honor.

A certificate filed with Recorder Marsh tells of the marriage on May 7 before the Rev. Harold Morehouse of E. S. Alt, 25, and Fern Gibson, 25, both of Placerville.

## CAPITAL WINS PONY EXPRESS

Civic Bodies Successful In Defeating S. F. Attempt To "Steal" Pioneer Event

SACRAMENTO (AP)—Sacramento got its Pony Express back again today after arguing successfully against permitting newsreels to film commemorative festivities in San Francisco, where no ponies ever ran except on the race-tracks.

The re-running of the Pony Express May 17 from St. Joseph, Mo., to Sacramento will be just the same as in the early frontiers days — except that a United Airlines transport will carry the mail between the cities. To be exact, the ponies will hardly work up a sweat galloping from the postoffice to airport in St. Joseph and vice-versa in Sacramento.

The big argument arose when United Airlines said repairs at the municipal airport here would make it impossible to land a big plane and the flight would end in San Francisco. Sacramento citizens, shuddering at the thought of newsreels showing a Pony Express terminus anywhere except the capitol city (and San Francisco, of all places) got busy in a hurry.

So there was a huddle of government, civic and airplane officials. Result: A small Boeing transport will land with the mail, the mayor will shake hands all around and a pony will dash to the postoffice and (he hopes) a full feed-bag of oats.

## Youthful Theft Gang Revealed

4 Arrests At Sacramento Bring Confessions Which Implicate 30 Others

SACRAMENTO (AP)—Police delved into the secrets of juvenile "gangland" today as an increasing number of high school boys admitted burglaries and thefts with a value mounting into many hundreds of dollars.

Three 14-year-old boys and another 16 years old have been jailed and confessed stealing at least eight automobiles and burglarizing 14 places. More arrests were expected today as the youths implicated more than 25 high school boys.

Most of the boys refused to give correct information to officers. Only a small portion of loot had been recovered.

Four girls are being sought as possible accomplices to the youths.

## SINKING SKIFF BLAMED AS VALLEY FISHERMAN IS DROWNED

SACRAMENTO, (AP)—A sinking skiff was blamed today for the death of Arthur Hamilton, 30, Gardeland WPA worker, who was drowned yesterday in deep waters of Natomas Slough west of Sacramento. It was the first drowning of the season.

Hamilton was fishing with Paul Skaggar, 16, a neighbor. When their boat began sinking, Skaggar stepped into shallow water on one side but Hamilton sank in deep water on the other side and was unable to swim or free himself from entangling reeds. His body was recovered by deputy sheriffs four hours later.

## Pope To Score Nazis On Church Stand

VATICAN CITY, (AP)—Pope Pius is preparing a vigorous attack against the German Nazi attitude toward the Roman Catholic church, trustworthy Catholic quarters asserted today.

It was said that the Pope intended to make the attack in the near future, at what he considered an opportune moment. Informants believed that the Pope might speak on the German question tomorrow.

## Kelsey Men Injured As Auto Overtakes

E. W. Sturdivant and a companion, of Kelsey, were injured, apparently not seriously, when the Sturdivant pick-up truck overturned Friday morning on U. S. Route 50 approximately a mile east of Shingle Springs.

The car rolled completely over and came up on its wheels. Sturdivant had a bad bruise on his shoulder and his companion was bruised on one cheek.

## "LET'S TRY OUR LUCK HERE"

## 4-Year-Old Takes Out Her Own Tonsil

EVANSVILLE, Ind., (AP)—Four year-old Bett Luttrell accidentally rammed a piece of jagged wood down her throat and sliced off a tonsil. A physician examined her, said she did a good job, and removed the other one.

Approximately 66,000 acres of asparagus in the Delta district will be harvested before July 1.

## PASADENA JAY-SEES ARE WEST COAST RELAY FAVORITES

FRESNO, (AP)—Pasadena Junior College today was favored to win the team championship over its two strongest opponents, Compton and Riverside Junior colleges, in Saturday's 12th annual west coast relays here.

Competitors from 21 junior colleges have given every indication they have an excellent chance of outdoing college and university class competitors in some events. A total of 204 jaycee athletes are entered.

Riverside Junior College will bring to the relays its speedy 880-yard relay quartet composed of Allen, Clyde Jeffery, Finley Culpepper and Hovis Bess, whose 220-yard times would constitute a new world's record if applied as a total to the half-mile relay event.

The state is attempting to eradicate an invasion of citrus white fly found recently in Bakersfield.

NEW YORK, (AP)—Max Schmeling, whom the boys insist on calling the "Black Uhlán of the Rhine" despite the fact that he is not black, is not a Uhlán, and lives miles from the Rhine river, seems to be spending most of his time these days telling everybody what he is going to do after he licks Joe Louis.

Very interesting. But not half so interesting as if he'd explain what he is going to do if he doesn't lick Joe Louis. And it is entirely possible that he won't, because even with my poor memory I can recall a score of fighters who went in the ring confident of beating Louis and who came out feet first.

A victorious Schmeling—a champion of the world Schmeling—would go back to Berlin to rival Horst Wessel as a Nazi hero. Der Fuehrer Adolf Hitler might be at Kaiserhof station to welcome him. Under Den Linden would look like Broadway the day Lindbergh came home. All the Nazis would "seig heil!" "seig heil!" "seig heil!" until their throats were sore.

Nordic supremacy would have been upheld by a German warrior.

But what is worrying me (and I speak as a friend and admirer of Mr. Schmeling) is how DER Fuehrer is going to react if DER right hand of DER Black Bomber hits DER Schmeling on DER jaw and knocks him out for DER evening.

Right now Schmeling and Hitler are like this, and I am busy putting my two fingers together to illustrate to you what chums they are. Not long before Max left on this trip Hitler celebrated his 49th birthday and Max was at the party, blowing out candles, eating cake and having lots of fun, clean fun. One of the highlights of the party came with the showing of the pictures of Mr. Max's knockout victory of Steve Dudas.

I have no doubt but what Maxie Schmeling knows his standing in Germany will be changed by a defeat at Joe Louis' hands. In the first place, the entire German nation expects him to win, no matter who his opponent

might be, because he is a German. A defeat by anyone would heap ignominy on his head. And secondly a defeat by Joe Louis would not only heap ignominy, but a side order of French fried disgrace and a compote of shame on his head.

If you are looking for a reason to

pick Schmeling to win, don't overlook the fires of nationalism that will be burning in his breast of that warm night in June. He'll be shooting the works, not only for his country but for himself. He knows what is at stake, and if I know Max as well as I think I do, he'll be a desperately hard man to keep on that floor.

By Harry F. O'Neill

### BUILDING COST ADVANCE IS CHARTED BY HOME LOAN BANK

WASHINGTON—The cost of building a standard six-room house in the average American city increased during the last two years by \$476, the Federal Home Loan Bank Review revealed today in an article based on its monthly building cost index. Data for the Review's conclusions were collected from reports of 92 representative communities.

Higher prices for building materials, the Review found, were responsible for \$260 of the increase, while wages paid to labor in the building trades accounted for \$216 of the rise.

Building costs reached a peak for the two-year period in August, 1937. Since then the prices of materials have declined some, and wages by a lesser amount, the article stated.

"In January, 1936," the Review said, "the average cost of materials was \$3,214 and the average cost of labor (for the standard six-room house) was \$1,577. In February, 1938, material costs had risen to \$3,474 and labor costs to \$1,793.

"Thus, although material costs were responsible for more of the dollar increase in the cost of building the standard house than the cost of labor at the site, direct labor costs rose 13.7 per cent as compared with an increase in material costs of 8.1 per cent."

### NATIONS' LEAGUE GIVES RECOGNITION TO ITALY VICTORY

GENEVA (U)—The League of Nations council, ignoring a last despairing plea of Haile Selassie, tacitly recognized the Italian conquest of Ethiopia today.

Without adopting a formal resolution or announcing any definite decision, the council turned a deaf ear to the final effort of the Negus to prevent world recognition of the conquest.

Republican classified ads always pay

### President 'Drafts' McAdoo

The White House reveals that Senator William G. McAdoo is standing for re-election at the direct personal request of President Roosevelt.

As early as last March the Senator made his decision to return to private life, but as shown by the following letter, the President refused to accept this decision, and virtually commanded McAdoo to make the race for a second term.

THE WHITE HOUSE  
WASHINGTON

March 16, 1938.

Dear Mac:—

I have given much thought to the suggestion you made in our conversation a few days ago that you really desired to return to private life and be a "free man" once more. The more I think of it the more convinced I have become that you ought to seek re-election.

Because of our long association, dating back to 1911, I am qualified to say that few men in public life today have had anything like the extensive experience of public service that you have had. You began with the construction and operation of the tunnels under the Hudson River; as Secretary of the Treasury for many years you directed the financial operations of the Government during the whole period of the World War; and in addition when the transportation system failed to meet the extraordinary demands imposed on it by the War, you served as Director General of the railroads.

These past five years in the Senate have added to the wide knowledge you had already gained in serving the country. All of this experience has fitted you peculiarly for the serious and important work that lies ahead of us, and I do not need to tell you that I have always appreciated the fine support you have given to my Administration. Therefore, your retirement from the Senate would be a distinct loss to the public and all I can say is that I earnestly hope that you will run again.

As ever yours,

Honorable William Gibbs McAdoo,  
United States Senate,  
Washington, D. C.

### PATTON NAMED CHAIRMAN FOR SENATOR McADOO COUNTY CAMPAIGN

(Continued from page one)  
their bit in the campaign.  
Supporters of Senator McAdoo Friday revealed a personal letter in which the President expressed the hope that McAdoo would run for re-election at the August 30 primary.

The letter was written by President Roosevelt on March 16, last, after a conversation in which Senator McAdoo told Mr. Roosevelt that he desired to return to private life and become a "free man" once more. The letter was released by T. M. Storke, Santa Barbara newspaper publisher, who is a life-long friend of McAdoo.

The President's letter was the first intimation California voters had that Senator McAdoo had considered retirement. He announced in April that he would run.

### 953 LOSE LICENSES IN APRIL FOR DRIVING DRUNK

SACRAMENTO—Out of 1,504 cases of suspensions, cancellations, revocations and probations on driving licenses during April, 953 involved drunk driving. Paul Mason, chief of the division of drivers licenses of the state department of Motor Vehicles, said today.

The record for all counties showed 772 suspensions, 186 revocations and cancellations and 346 probationary licenses.

El Dorado county had no suspensions, no revocations and cancellations and no probations.

### Recorder's Filings

May 12, 1938

Articles of limited partnership, of River Bend Mining Company.

Quitclaim deed, Sarah M. Proseus and Ernest C. Milliken to Lida Milliken.

Crop and chattel mortgage, S. A. Bivans, his wife, to Bank of America N. T. & S. A.

Notice of completion, by Department of Public Works.

Lis pendens, David M. Rounds, pltf. vs. Earl Colegrove and Agnes Colegrove, deftds.

Agreement, Charles Bonetti, Rose Bonetti and Henry Bonetti, with C. L. Shuppy.

Deed, Arthur Speegle and Frances Speegle, his wife, to Leland Boles and Lester Boles, single man.

The water content of the snow pack on the San Joaquin river watershed is much higher than usual.

### "KISS-O-METER" DEvised BY CHICAGO INSTITUTE STUDENTS

CHICAGO, (U)—Two youthful Armour Institute of Technology students came forth today with their contribution to the field of science—a kiss-o-meter.

It's based on the engineering principle of resistance and is guaranteed by its inventors, Emil Daniel and Lawrence Strocchia, to measure all types of kisses, from the hasty peck to the com-

passionate. It consists of an ammeter connected with batteries, a voltmeter, switches and an amplifying system. Each subject grasps an electrode and the ammeter records the intensities of their kiss, ranging from zero to 120. A bell rings when the needle hits 90.

Average reading for the various types, the inventors said, were: Mother and daughter, 20; mother and son, 15; girl friends, 15; married couples, depending on the number of years married, 30-87; engaged couples, 90-95. From there on the bell keeps ringing.

## 10th Revival of Jumping Frog Contest This Weekend

ANGELS CAMP — On a carpet of greensward dotted with thousands of varied colored wild flowers and hundreds of trees, assuring plenty of shade, and with the famed Mother Lode mining country mountains as a backdrop, the tenth annual Jumping Frog Jubilee will be held in Angels on May 14-15.

For the first time the event will be staged in a natural amphitheater, one mile from Angels. A 40-acre site has been leased by the Angels Boosters Club on a long-term contract, and a village depicting the days of "forty-nine" will be constructed. A half-mile race track and a permanent open-air pavilion complete the setup.

Other buildings on the ground, including the three large tents that will house the Calaveras District Fair, are restaurants, rest rooms, gold quartz stamp mill in operation, entertainment platform, hospital with nurses in attendance and a pioneer newspaper printing plant.

Events during the two days of the

jubilee will include the historical pioneer parade at the grounds on Sunday, the miners' parade through the main street of Angels Camp Saturday night, led by the Angels Camp Miners' Band, floats entered by mining, civic and service club organizations in both parades.

Heretofore the frog jumping contests have been held on the pavement of the main street with thousands of visitors crowding one another in an effort to see the frogs jump. This year the frog jumping contests will be held in a large arena on the grounds, and bleacher seats will accommodate several thousand spectators.

Parking space for autos will not be at a premium, with room for over 5,000 cars on the grounds and there will be plenty room for trailers. A beautiful picnic site under towering trees is located close by.

The Jubilee will open early Saturday morning and the key will be thrown away until the close on Monday morning.

## 2,000 Hunt Child Who Disappeared Sunday

and weary searchers moved today in a long "shoulder to shoulder" line through Allegheny National Forest in a final thorough drive to determine the fate of Marjory West, 4, who disappeared Sunday.

Pennsylvania motor police who directed the line believed that if they did not find Marjory it would be proof that she was kidnapped. Hope of finding her alive faded after temperatures dropped to near freezing for the second consecutive night and heavy frost blanketed the ground.

## Navy Expansion Bill Passed By Senate

WASHINGTON, (UP)—The senate today passed and sent to President Roosevelt the \$1,156,000,000 naval expansion program designed to give the United States the most powerful navy in its history.

Final approval was given the bill after the neutrality bloc attacked a provision which would give Mr. Roosevelt discretion to determine whether the United States should build 45,000 ton dreadnaughts—the largest in naval history.

## Mann Expected To Win Over Tony Galento

NEW YORK, (UP)—Nathan Mann of New Haven, Conn., who was knocked out this winter by heavyweight champion Joe Louis, was a slight favorite to defeat Tony (Two Ton) Galento of Orange, N. J., in a 10 round fight tonight at Madison Square Garden.

Mann, a rugged righthanded puncher, is probably the best boxer Galento has ever met. The pudgy New Jersey tavern keeper trains by drinking beer, eating spaghetti and smoking cigars.

WILLOUGHBY, O., (UP)—Ammy, a cat, broadened her motherly instincts to include a lonely and motherless chick. She not only allowed the chick to snuggle up to her two baby kittens but also gave it a catly tongue bath.

## OMO RANCH

We begin to feel quite in touch with the world now. The Caldor train comes whistling along en route to the logging camps and the whistle at Flick Brother's sawmill helps us to keep our clocks up to date. While the mill is not in actual operation, there is much activity around the yards which indi-

cate that it won't be long now.

Mrs. Elizabeth Rick returned Saturday to her home in Sacramento after spending some time here visiting her sons.

Mrs. Mabel Cole spent Mothers' Day with her daughter, Mrs. Omer McGee, in Placerville.

Leo Bliss spent the week-end with his uncle, Don Morton, in Placerville.

Mr. and Mrs. J. C. O'Neil were in Placerville the last of the week visit-

ing friends. It was the first time they had been in the city this year, owing to the snow and conditions of the highway.
